

- 1 Logo and top navigation menu with expanding search tool, navigation links, and account access.
- 2 Brightly colored background on half of screen with video in circular frame.
- 3 Zeit page title and informational blurb on white or very light background.
- 4 Robust search/filter tool. When the user navigates to the home page, only the top half is displayed. Selecting the plus causes the lower half to be pushed the top half up. Selecting the search icon expands a search box that covers the top half of the tool to its left.

- 5 H2 for era-exploration section of home page.
- 6 Interactive timeline: When user navigates to site, it displays a chronology from the Triassic Era to present with selected events from each historical era noted above. The eras are interactive: when the user selects an era, that part of the timeline will expand to cover the entire timeline width, with sample events filling in. When an era is selected, the background image of this section also changes to match the era. The Reset Timeline link resets the timeline to its original state.
- 7 H3 with era title and information blurb about selected era. Has CTA to go to era browse/search page. If no era has been selected in the timeline, the CTA is disabled.

- 8 H2 for geographic exploration section of home page. The page has a white or light background.
- 9 An interactive map where each continent is a button linking to that continent's browse page. When a continent is selected, it affects the text displayed at right.
- 10 H3 with accompanying text and CTA to a browse page. When user selects a continent on the map, it changes to provide info about the continent. If no continent has been selected on the map, the CTA is disabled.

- 11 H2 for theme exploration section. Section has medium-dark solid color background.
- 12 Card carousel displaying theme cards. Each theme card contains an image with a number (3/7) in the upper left hand corner of the image. Below the image is a subtitle, information blurb, and call to action that links to the theme browse page. The selected card is presented center and full size while two unselected cards are displayed to either side at 80% size and slightly dimmed by a filter.
- 13 Arrow icons allow the user to scroll through the carousel. The carousel is round, so it does not have an end/stopping point.

- 14 Footer with site navigation links.
- 15 Zeit logo and copyright information.
- 16 Social media icons/links.
